

Bachelor theses

- Vagová, K.:** Ergonomics of workers of cable harnesses in the automotive industry
- Chynoradský, F.:** Measuring noise emissions in the selected factory and its possible elimination
- Drabík, J.:** Monitoring of ozone in working environment
- Hercegová, L.:** Occurrence of hydrocarbon compounds in natural environment and workplace
- Fazekaš, P.:** The impact assessment metalworking fluids on worker in machining operators
- Cabadaj, M.:** Safety in the transport of flammable liquids
- Chalupková, L.:** Factors affecting aviation and proposals for their prediction
- Bernát, M.:** Safety operations of heating appliances to solid fuel
- Szabová, M.:** Measurement and evaluation of light intensity in the workplace
- Križan, M.:** Safety of transport of disabled passengers in trains operated by ZSSK, a. s.
- Mužila, M.:** Acid-base reactions in natural environment and workplace
- Dostál, A.:** Oxidation-reduction reactions in natural environment and workplace
- Polonyi, D.:** Thermal processes in natural environment and workplace
- Harvánek, T.:** The design to increase safety in selected laboratories
- Temer, S.:** The activity of the fire prevention technician based on the requirements of the legislation
- Spišiak, M.:** Safety during Installation of Lightning Conductors at High- rise Buildings
- Hodulíková, L.:** Hydrolysis of biomass for the production of liquid biofuels
- Zahoranová, A.:** Analysis of methods for determining exposure limits of solid aerosols in the working environment
- Vávrovič, P.:** Vibrodiagnostics as a tool for improving the safety and quality of production processes
- Liptáková, E.:** Appreciation of health risks and categorization of tasks in company
Západoslovenská distribučná a. s.
- Kadlecová, G.:** The safety at work on forklifts platforms
- Pechová, D.:** Ensuring the safety and health of primary school pupils
- Petrlová, Z.:** Safety when working at heights
- Žišková, J.:** New obligations for employers arising from changes in legislation on work safety and health protection
- Chovancová, V.:** Occupational Safety and Health in the Production of Special cables of Petroleum Production
- Bednárik, M.:** Work safety in the exercise of revision electrical equipments
- Patka, A.:** Dust clouds and its properties
- Kvaššayová, Ľ.:** Application of sorption materials by liquidation accidents dangerous and flammable liquids
- Barteková, Z.:** Safety requirements for the installation of lighting cells placed on thermo isolation materials
- Remenárová, B.:** Safe Work Procedure – Confined Space Entry Program
- Fábik, F.:** Implementation of internal standards for safe work at heights at enterprise
- Čajka, G.:** Risk assessment of operations in car service station
- Žigray, P.:** Structure and importance of rescue forces in Slovak Republic
- Hajduová, E.:** Investigation of the possibility of fire by lighting equipment
- Cáder, M.:** Risk assessment of work on a selected machinery
- Ondrejkoivič, M.:** Analysis of the risks of welding in the manufacturing company Agados s.r.o.

Staroň, L.: Identification of hazards and threats for welding

Málik, P.: The risk assessment on a welding machine

Ondrášík, T.: Assessment of the impact of the service on the functionality of the electric fire alarm in the selected companies

Výborná, M.: Impact Assessment of moisture plants on critical heat flux density

Cepka, L.: Thermogravimetric analysis of the cork insulation

Jankovič, L.: Occupational health and safety in a logistics centre

Masárová, M.: The proposal for improving the quality of a particular product in the production process

Halenárová, D.: Commitment employees as part of process quality improvement

Kamenská, M.: An analysis of the causes for an incongruent cut-out in the Ojala Slovakia, s. r. o through A3 method Report

Novotný, M.: Draft application of selected tools of quality management for improving discrepancies of production process

Kvasničková, L.: The propose measures to improve monitoring and evaluation of deformity in company

Baumgartner, Š.: Manufacture process optimization of outer race with defective product reduction purpose in company INA SKALICA spol. s r.o.

Žigrayová, D.: Usage of tools and methods of quality management in ŽOS Trnava

Dávid, M.: Gauges capability analysis and measurement system analysis

Vlachovič, P.: Proposal of measures for improvement of nonconformities monitoring and evaluation in the selected company

Prekopová, V.: The use of simple statistical methods to entry check at JD Shroud

Šurinová, K.: Application of Selected Instruments the Methods of Quality Management for Removing Defects on the Product 2633S

Kraushuberová, L.: Solution for quality problem in production of certain automotive component by application of Integrated Management System methods and tools

Tóthová, J.: Solution a specific issue of quality manufacturing in a company using management tools

Markovič, M.: Introduction of the 5S method as a tool for improvement

Kardhordóová, K.: Statistical process control and regulation-forming machines

Michelčík, A.: Statistical process control and regulation-tools

Čapkovičová, B.: Implementation of standards ISO/EN 17025 to the laboratory in Martinrea Slovakia Fluid Systems, s. r. o.

Čopová, I.M.: Application of selected tools for improving quality management processes in the company PETERPLAST

Šturdík, M.: Application of selected tools for improving quality management processes in the company Datalogic Slovakia s.r.o.

Rejdovjanová, N.: Application of selected tools for improving quality management processes in the company Kovostroj a.s. Dobšiná

Vallová, S.: Draft guidelines for the management of nonconforming components sensitive to electrostatic discharge in the company Protherm Production s.r.o, Skalica

Fraňo, M.: Optimization of the management of a defective product system

Benkovský, Ľ.: The concept of remedies in storing and handling logistics as a component of increasing of production quality in company ZF Slovakia, a.s.

Kirinovičová, L.: Analysis of the readiness of the company VUJE , Inc. changes in the quality management system according to ISO 9001:2015

Králík, B.: Quality improvement of production process in the company TERMINALS s.r.o.

Leffler, P.: Draft of operations for provided service quality improvement with EN 13816 application
