

Metrology Intern

We have an opportunity for an Intern to join Metrology Department at Honeywell, in Stará Turá, where you will be responsible for supporting of the Metrology Centre and securing accreditation requirements in accordance with the relevant standard in its area of operation.

Honeywell

For more than 60 years, the brand Honeywell at Stará Turá has been connected to high-end, cutting-edge gas measuring and controlling equipment. Today, HON Stará Turá produces gas pressure regulators for low, medium, and high pressure in addition to turbine, rotary, and diaphragm metres. Stará Turá explores digitalization, automatic remote data read-out devices, and data gathering and evaluation systems. The portfolio of gas-focused products is completed by turnkey gas regulating and measuring stations of all sizes or test rigs for calibrating custody transfer gas metres.
