## Laying the Groundwork for Lasting Impact

Through the Sustainability and Business Plans, STAGE has planted the seeds for a future where its impact continues to grow. These plans are more than strategies – they are a springboard for lasting value, new opportunities, and the commercialisation of ideas that can drive Europe's green transformation well beyond the lifetime of the project.

And with the vibrant community of enterprises and experts built through STAGE, this foundation is set to flourish far into the future.
